53
00:07:54.640 --> 00:08:20.000
Boardroom: Thank you very much. Mayor Ishi, the city of Berkeley, recognizes that the community we live in was built on the territory of Hochun, the ancestral and unceded land of the Chochenyo, speaking Ohlone people, the ancestors and descendants of the sovereign Verona Band of Alameda. County this land was, and continues to be, of great importance to all of the ohlone tribes and descendants of the Verona band.

54
00:08:20.000 --> 00:08:35.269
Boardroom: As we begin our meeting tonight, we acknowledge and honor the original inhabitants of Berkeley, the documented 5,000 year history of a vibrant community at the West Berkeley Shell Mound and the Ohlone people who continue to reside in the East Bay.

55
00:08:35.270 --> 00:08:52.900
Boardroom: We recognize that Berkeley's residents have, and continue to benefit from the use and occupation of this unceded, stolen land. Since the city of Berkeley's incorporation in 1878, as stewards of the laws regulating the city of Berkeley. It is not only vital that we recognize the history of this land.

56
00:08:52.920 --> 00:09:09.590
Boardroom: Excuse me, but also recognize that the Ohlone people are present members of Berkeley and other East Bay communities. Today the city of Berkeley will continue to build relationships with the Luhan tribe and to create meaningful actions that uphold the intention of this land acknowledgement.

57
00:09:10.720 --> 00:09:12.880
Boardroom: Thank you so much. Council Member.

58
00:09:13.614 --> 00:09:19.159
Boardroom: I'd like to move us on to ceremonial matters, and I'm going to pass it off to mark our city clerk.

59
00:09:19.340 --> 00:09:31.189

60
00:09:31.850 --> 00:09:41.649

62
00:09:47.000 --> 00:10:13.840
Boardroom: I state your name, I do solemnly swear or affirm, that I will support and defend against all enemies, against all enemies, foreign and domestic, foreign and domestic, that I will bear true

63
00:10:13.840 --> 00:10:37.959
Boardroom: faith and allegiance to the Constitution of the United States and the Constitution of the State of California, that I take this obligation freely, without any mental reservation, without any mental reservation or purpose of evasion, and that I will well and faithfully discharge.

64
00:10:37.960 --> 00:10:46.200

Boardroom: Thank you so much, and thank you. To those who are here to witness the swearing in. I want to give our new Council members and also reelected Council members time to say a few words. If you'd like

66
00:11:06.310 --> 00:11:08.360
Boardroom: Councilmember blackaby.

67
00:11:08.510 --> 00:11:23.269
Boardroom: Sure, I'll be brief. And we said a little bit this Friday night. But I just want to let everyone know here. I'm so honored to be joining this body, to be joining the city council with this wonderful group of colleagues, who all want to serve our community and make Berkeley even better

68
00:11:23.270 --> 00:11:51.699
Boardroom: at a time that we're entering some rocky waters. Nationally, I do believe that what we do here locally really matters, because government can be a force for good, empowering us to join together as a community, to solve problems that we can't solve individually and to extend a helping hand to friends and neighbors that need our support. The people of Berkeley deserve a world-class local government that delivers top-notch public safety, affordable housing, vibrant public spaces and safe transportation for everyone that uses our streets and sidewalks.

00:11:51.700 --> 00:12:20.600
Boardroom: They deserve a government that is data driven accountable and transparent and local leadership that stands up to defend our progressive values. And I'm looking forward to doing all that work together. In particular. I just want to thank the voters in District 6 who've placed their trust in me to be their voice on the City Council. It's an honor and a privilege that I don't take for granted one thing, just to think about. The people of District 6 have had only 2 council members over the past 32 years, just 2, 32 years.

70
00:12:20.600 --> 00:12:34.589
Boardroom: Susan Wengraft for the previous 16, and Betty olds for the 16 years before that. These are 2 trailblazing, outspoken, courageous women who were passionate advocates for our district and dedicated to constituent service.

71
00:12:34.670 --> 00:12:39.610
Boardroom: They've set a super high bar, and I will work every day to live up to their examples.

72
00:12:39.710 --> 00:12:47.839
Boardroom: So again, I'm looking forward to joining our new mayor, all of my council colleagues, our city manager, Paul Buenhagen, and our terrific city staff.

73
00:12:47.960 --> 00:12:58.420
Boardroom: to tackle the challenges ahead and help Berkeley live up to its fullest potential for everyone who lives and works here now and in the future. Thanks again for the privilege of serving.

74
00:12:59.240 --> 00:13:04.120
Boardroom: Thank you so much, councilmember blackaby. Does anyone else like to say a few words.

75
00:13:07.330 --> 00:13:08.209
Boardroom: it wouldn't matter.

76
00:13:08.370 --> 00:13:10.820

Boardroom: and to say a hearty welcome

80
00:13:23.890 --> 00:13:31.280

81
00:13:31.400 --> 00:13:45.579

82
00:13:45.960 --> 00:13:51.019

90
00:14:52.710 --> 00:14:55.700
Boardroom: just briefly. I want to say

91
00:14:55.960 --> 00:15:14.410
Boardroom: I'm a child of Berkeley. I was born at Alta Bates Hospital. I've lived here almost my entire life, and frankly, I plan to die here. This is my home in a very serious way. And I love this community, and I love this city so much. And I just want to say, this is

I know that we will stay connected as 2 cities working together, so I thank you for all of that, and also thank Deputy City Manager Ann Cardwell for her years of service here to the city of Berkeley. She had the Internal Service department, so she wasn't quite as visible.

106
00:18:09.160 --> 00:18:17.470
Boardroom: but that was really the backbone of what made the city work also. So my sincere thanks to you also, and Deputy City Manager Carwell.

Boardroom: tonight. I just wanted to talk a little bit about. You know, some of the audit recommendations, updates. That's on the agenda. A key part of our work together is ensuring that departments implement these recommendations outlined in our audits. And I just wanted to share some of the progress with, you know, with the departments and to the public.

118
00:20:18.440 --> 00:20:22.650
Boardroom: I wanted to share that 4 of the departments have provided updates

Boardroom: When this report was released. City Council requested that the Environmental Health Division provide an update to our recommendations in December, given the serious Public health risks identified in the report

123
00:21:09.060 --> 00:21:22.679

Boardroom: And finally, item 21 is fire prevention, inspections, insufficient resources strain code compliance. It's our office's policy to drop recommendations that are more than 5 years old, which this year includes this particular audit. Unfortunately, since the last update, the department has not implemented any of the open audit recommendations aimed to improve coordination, prioritization and enforcement of fire prevention inspections

141
00:24:49.390 --> 00:24:53.569
Boardroom: according in accordance with the policy the fire department shared

142
00:24:53.590 --> 00:25:04.060

143
00:25:04.190 --> 00:25:15.000

144
00:25:15.170 --> 00:25:20.789
Boardroom: So in closing. I hope you'll take the time to review these really important reports.

149
00:25:49.780 --> 00:26:02.460
Boardroom: Hi, I'm Margaret fine, and I'm here to promote pickleball. That's not the process we draw the names out of here. Sorry I don't know. Can you give us the rules.

150
00:26:02.980 --> 00:26:11.510
Boardroom: Yes. So there's 5 speakers that are selected from people that have placed a card in the drum for

151
00:26:11.660 --> 00:26:27.780
Boardroom: non-agenda, public comments for people in attendance in the boardroom, and then the 1st 5 hands raised on the zoom are the other 5 speakers, so I'll draw the names for the in-person. It's stated on the agenda.

152
00:26:28.470 --> 00:26:32.520
Boardroom: Okay, country

153
00:26:41.940 --> 00:26:43.040
Boardroom: every day.

154
00:26:51.524 --> 00:26:53.264
Boardroom: Are you gonna have?

155
00:26:55.449 --> 00:26:57.089
Boardroom: Okay?

156
00:26:59.260 --> 00:27:13.320
Boardroom: So the 5 names for the in-person speakers are Dan Corlatis, Mark Rhodes, Aiden Hill promise Marks

157
00:27:13.950 --> 00:27:21.630
Boardroom: and Nagin Mossad, so you can come up in any order along.

158
00:27:21.760 --> 00:27:25.180
Boardroom: Mark left. Okay? Well, I'll pick another one.

160
00:27:44.320 --> 00:27:56.189
Boardroom: siemens industry. So this, this is non-agenda. Public comments. Do we get to comment on consent calendar items? Usually we only get to comment on

161
00:27:56.220 --> 00:28:08.849
Boardroom: action. Calendar stuff. No, there'll be full comment period on consent coming up, and there's no limit to the speakers on consent. Well, in that case, I yield my time to Nagin.

162
00:28:09.250 --> 00:28:12.439
Boardroom: Okay, I've already been chosen. So feel free as a couple.

163
00:28:14.080 --> 00:28:22.040
Boardroom: Oh, yeah, Jessica Prado is actually the 5th card that I just picked so you could yield your time to anybody, though. Okay? Then I

164
00:28:22.040 --> 00:28:45.830
Boardroom: yield my time to the pickleball lady. Okay, there you go. Hi, I'm I did serious stuff like the Mental Health Commission and the reimagining and scu. But now

165
00:28:45.900 --> 00:29:05.959
Boardroom: I am playing pickleball, and Berkeley doesn't have enough pickleball courts, which is a very equitable. Could you move to the mic? So people can hear you online? Berkeley does not have sufficient pickleball courts and pickleball is something everybody can play because it's affordable 2 to $3 for open play. 10 bucks for a clinic. Bushrod is the hub.

166
00:29:06.040 --> 00:29:14.730
Boardroom: It's wonderful you play with everybody and I've lost like 40 pounds. The cholesterol went from 2, 24 to 1, 88.

167
00:29:14.850 --> 00:29:32.130
Boardroom: The glucose went from 1, 11 to 77, the heart rate 104, over 68, and mental well-being, let me tell you, you focus on that ball. I played Varsity tennis doubles for Berkeley High. We were the Northern California champions.

169
00:29:42.460 --> 00:29:53.689
Boardroom: But you only have cedar Rose with one core open play, and Mckinney. So you need to start looking into putting more pickleball on the tennis courts because everybody's playing. It's exploding. Okay.

170
00:29:56.760 --> 00:30:02.379
Boardroom: okay, next speaker. Any order.

171
00:30:08.550 --> 00:30:11.399
Boardroom: All right. How's everybody doing this evening?

172
00:30:11.440 --> 00:30:34.650
Boardroom: I want to congratulate you, Mayor? And also all of the folks that have been reelected. Ben Terry and I even got my little. I even pulled it up. So I want to thank everybody, because I'll be working with you. You're going to see me a little bit more. Okay. District one council member, Kesawani.

173
00:30:34.810 --> 00:30:39.819
Boardroom: Okay. District 5. Shoshana O'keefe.

174
00:30:40.080 --> 00:30:46.329
Boardroom: Okay. District 2, Terry. Okay. District 2. Brent blackaby.

175
00:30:46.360 --> 00:30:47.650
Boardroom: Is that correct?

176
00:30:47.670 --> 00:30:48.870
Boardroom: Okay.

177
00:30:49.040 --> 00:30:59.959
Boardroom: Of course. District 3, all right. All right. District 7, Cecilia, okay. And district 8, mark.

178
00:31:00.490 --> 00:31:03.820
Boardroom: okay? And District 4. Of course. Iger.

But I'm here to actually say thank you to all of those that have worked to be able to help keep black repertory Group theater in order. And I say this, thank you. Thank you. I say this with a contrite heart, with also jubilant, because we're going to miss out on

180
00:31:33.270 --> 00:31:36.659
Boardroom: that beautiful woman over there. She's the best, isn't she?

181
00:31:36.750 --> 00:31:48.280
Boardroom: And she's done a great job working together with Paul and working together with Ben and Terry and all of you, to be able to keep things going, and so

182
00:31:48.400 --> 00:31:59.499
Boardroom: give them a jingle. Okay? And was that promise marks? Yes, that's you. Okay. So you've exceeded your time by 46 seconds. Okay, we'll make it quick.

183
00:31:59.600 --> 00:32:02.889
Boardroom: She loaded up the Christmas tree. She moved to Emoryville.

184
00:32:03.580 --> 00:32:25.949
Boardroom: and I did it all wrong because I was rushing. She loaded up the truck and she moved to Emory. No swimming pools or no moon stars, but, like Terry Taplin said, you can come on back anytime. We just want to give her some flowers, and we want to thank you for all you've done. Let's give her a big round of applause.

185
00:32:26.020 --> 00:32:27.540

Boardroom: Hi, good evening, everyone. My name is Jessica Prado, and I'm here as a representative of the Berkeley Homeless Union. I want to extend my congratulations to the new members of the Council and the Mayor, and take this opportunity to introduce our organization to you, which represents the collective voices of Berkeley's on House residents.

188
00:33:06.400 --> 00:33:23.229
Boardroom: The Berkeley Homeless Union was funded to address the urgent and systematic challenges facing our unhoused neighbors. Our mission is to ensure that the most impacted by housing insecurity have a seat at the table, a voice in shaping policies and a network of support to advocate for their dignity and rights.

189
00:33:23.400 --> 00:33:37.910
Boardroom: Most recently we have been active at the Second Street encampment, where the threat of displacement loops heavily over dozens of residents. Our Union has been working tirelessly to bargain for a fair and just closure of this encampment, where no one is left behind.

190
00:33:38.020 --> 00:33:51.929
Boardroom: we have advocated for clear timelines, equitable shelter offers, and Ada accommodations for residents with disabilities. Our goal is to ensure that it is handled in a way that prioritizes safety, health, and humanity of those affected.

191
00:33:52.170 --> 00:34:02.269
Boardroom: But despite these efforts, we've been met with silence. We have been repeatedly requested to meet with city officials to discuss the needs of our house communities and collaborate on solutions.

192
00:34:02.380 --> 00:34:26.359
Boardroom: So Berkeley has a long and proud history of championing equity, justice, and collaboration. It is our hope that this Council will continue that legacy by engaging with us directly. We are not here to obstruct, but to offer solutions. We believe that when unhoused residents are included in the decision-making process, the outcomes are more compassionate, effective, and sustainable. Thank you.

193
00:34:32.280 --> 00:34:43.430
Boardroom: Maggie Mossad, I want to congratulate you, Mayor Ishi. And may this be a new beginning with collaboration in the city and hearing our voices, I'd like to yield the rest of my time to Gordon.

194
00:34:53.290 --> 00:35:21.599
Boardroom: Hi! My name is Gordon Gilmore. I'm representative for the Berkeley Homeless Union, and I, too, want to extend my congratulations to you and to the newly elected members of the Council. I'm hoping we can work in dialogue like as of now. Mechanisms are set in place in the municipal code to allow for the bypassing of folks rights, and as such

unhoused folks need collective representation to advocate for the respect of their individual rights.

195
00:35:21.600 --> 00:35:28.490
Boardroom: These are often overlooked in city interactions with the unhoused community, the right of association being one such.

196
00:35:28.710 --> 00:35:43.660
Boardroom: but, more importantly, the right to be free from needing to live in a state of hypervigilance for fear of state enacted harm. The 4 Am. Sweep of old City Hall this morning represents one such cause of fear created by mechanisms of the State.

197
00:35:43.680 --> 00:35:50.080
Boardroom: and numerous members have spoken to how this fear will prevent them from enjoying the upcoming holidays.

198
00:35:50.180 --> 00:35:54.100
Boardroom: Please enter into dialogue with us, so we can end this reign of fear.

204
00:36:33.520 --> 00:36:41.410
Boardroom: The decisions made here about its future are not abstract. They're deeply personal and profoundly consequential, for many

206
00:36:51.320 --> 00:36:58.549

Boardroom: Or how are you going to make sure that people at the Roadway Inn, where Uc. Berkeley sent unhoused people

212
00:37:21.980 --> 00:37:24.060
Boardroom: are going to be formally housed.

213
00:37:24.290 --> 00:37:34.670

214
00:37:42.260 --> 00:37:59.719

I really appreciate you being here.

Kaye {they/them}: Thank you all for hearing my comment. My name is Kay. I'm a resident of the city of Berkeley and a health educator, while I can't speak as eloquently as other folks who have spoken earlier. I just wanted to express my deepest pleasure with the removal of the encampment on Second street today.

227
00:39:26.540 --> 00:39:37.829
Kaye {they/them}: These folks are my neighbors. They are community members, and they've been treated like they're discardable. So please, as you move forward and make decisions as a new council, as a new mayor. Please put people first.st

228
00:39:41.700 --> 00:39:43.659
Boardroom: Okay, thank you.

229
00:39:45.060 --> 00:39:47.879
Boardroom: Next is Lisa Teague.

230
00:39:57.500 --> 00:40:14.910
Lisa Teague (they/them): Good evening Council, and I'd like to speak as a member of the Berkeley Outreach coalition. We want to welcome new Council members and returning council members and congratulate our new mayor.

231
00:40:15.681 --> 00:40:18.450
Lisa Teague (they/them): And we do hope, and it.

232
00:40:18.970 --> 00:40:33.430
Lisa Teague (they/them): that we can work together in the coming months. I was going to ask the Mayor to engage with the Berkeley Homeless Union, but it appears that that is going to happen. I would also like to take

233
00:40:33.500 --> 00:40:43.869
Lisa Teague (they/them): the time to condemn the 4 Am. Sweep at old City Hall. It!

234
00:40:44.150 --> 00:40:54.310
Lisa Teague (they/them): That's never the way y'all, especially when promises had been made to house those people who were leaving voluntarily that day.

236
00:41:00.530 --> 00:41:01.510
Boardroom: Okay.

237
00:41:05.680 --> 00:41:08.460
Boardroom: next is Betsy Morris.

238
00:41:17.970 --> 00:41:23.929
Betsy Morris: There we go. Thank you very much. I just needed to unmute Betsy Morris.

239
00:41:24.000 --> 00:41:29.850
Betsy Morris: I live in District 2, and I'm the co-convener for the East Bay Grey Panthers.

240
00:41:30.070 --> 00:41:34.119
Betsy Morris: I also want to second what several speakers have said.

241
00:41:36.380 --> 00:41:53.049
Betsy Morris: These sweeps are cruel and unusual punishment. I know the Supreme Court and the governor have encouraged you to take this kind of action, and I continue to hope and work that we will find the way to remember

242
00:41:53.240 --> 00:41:59.569
Betsy Morris: for the citizens, for the people who do live in Berkeley, who consider themselves residents of Berkeley.

243
00:41:59.600 --> 00:42:08.910
Betsy Morris: These are our neighbors, these are our elders. These are the vulnerable marginalized people, and also people who are just trying to work.

244
00:42:09.130 --> 00:42:18.100
Betsy Morris: and by living in vehicles by camping. A number of people in West Berkeley are displaced workers.

245
00:42:18.260 --> 00:42:26.930
Betsy Morris: and yet we don't really know those things, and I really encourage us all to get to know our unhoused neighbors.

00:42:36.510 --> 00:42:44.570
Betsy Morris: and and make peace with that. With that in mind, I really want to encourage everyone to look into the national vehicle. Residency.

251
00:42:52.090 --> 00:42:58.199
Betsy Morris: to learn to get to know who it is that doesn't have a home doesn't have a house. Thank you.

255
00:43:12.260 --> 00:43:13.100
Boardroom: Yes.

256
00:43:13.100 --> 00:43:34.639
Chelcie: Great. I'm going to get right into it, and I'm very happy with some of the changes going on in the city. 1st thing that fire alarm issue. Not okay. It is the fire department's responsibility to keep citizens safe. My building has expired. Fire alarms and carbon monoxide detectors that I have back and forth emails with my landlords,

gaslighting me, telling me that it's perfectly acceptable to have expired fire alarms.

257
00:43:34.640 --> 00:44:03.770
Chelcie: It's not cool, and the self audit is, is frankly unacceptable as well, because themselves are not turning it in Part 2. And why I'm really here. I would like to have a motion to remove the Hawkins Costa Act for the city of Berkeley. Those of you that do not know about the hawking Costs Act. It was 1995. It was 2 male landlords who are also legislators. To this date in California over 25% of our legislative body are landlords, and we do have a slumlord problem in Berkeley.

258
00:44:03.800 --> 00:44:12.189
Chelcie: We need to be looking out for the people that are marginally or barely housed, and people who are in a generational gap that they can't afford houses. Part of this is.

259
00:44:12.190 --> 00:44:14.200
Boardroom: Include your comments. Chelsea.

260
00:44:14.705 --> 00:44:30.890
Chelcie: I would like to have a motion to remove it for the city of Berkeley, because the big issue is the rent control stays with the unit. If we remove the Hawkins cost to act, we can have rent control that stays with the unit. So if I move out and it's $2,000, and you want to move in.

261
00:44:30.900 --> 00:44:43.189
Chelcie: That stays at 2,000 or 2,050, because the rent control would be there instead of person to person, and that is invaluable to a community of people who are struggling to pay rent or get into.

262
00:44:43.720 --> 00:44:47.920

I'm looking forward to offering more opportunities to speak with my office directly, so I hope that you all don't feel that you need to be here for that specific reason that you have more opportunities to come, speak with me and folks in my office, and I also believe that I left out a speaker earlier. So I apologize. We have the East Bay regional parks. Director

265
00:45:23.430 --> 00:45:50.230
Boardroom: Hello. Good evening, Council members, Mayor Ishi staff and community members. My name is Elizabeth Echols, president of the East Bay Regional Park District Board, which represents about 3 million people in Alameda and Contra Costa counties, and as someone who has called Berkeley home since childhood, I'm pleased to be here this evening to congratulate our new mayor, Adina Ishi, along with

266
00:45:50.230 --> 00:46:08.790
Boardroom: all of the new and reelected City Council Members Council members, Blackaby, Bartlett, O'keefe, and Taplin on your successful elections. Mayor Ishi. I'm excited to see the new energy, perspective, and leadership that you bring to your role as mayor. You and the city Council have

267
00:46:08.950 --> 00:46:33.520
Boardroom: tough road ahead, as others have noted, and yet I am confident that together you'll succeed in making Berkeley a shining example of what a city can be. I look forward to working with you on goals that the city of Berkeley and the Park district share, including addressing the impacts of climate change, equitable access to parks and recreational programs, safe transportation and protecting public open

268
00:46:33.520 --> 00:46:40.510
Boardroom: space for everyone to enjoy for generations to come. Thank you for your service, and thank you for the opportunity to be here tonight.

00:46:41.110 --> 00:46:42.290
Boardroom: Thank you.

270
00:46:43.350 --> 00:46:50.840
Boardroom: Thank you, Director Echols. Excuse me. I now like to move on to the consent. Calendar.

271
00:46:55.538 --> 00:46:58.830
Boardroom: Council members. Are there any comments?

272
00:47:05.620 --> 00:47:20.059

Asian American woman mayor in the city of Berkeley's history. I want to acknowledge that as a

273
00:47:20.080 --> 00:47:49.740
Boardroom: as an Asian American woman also, and I want to congratulate Councilmember O'keefe and councilmember blackaby looking forward to working with you, and and so happy that you're here on the Council, and congratulations to our reelected, our old hands young at heart hands, and I just look forward to working with this new body and thrilled to get started. So I don't have any comments on

274
00:47:49.740 --> 00:47:56.080
Boardroom: consent items. I did want to thank the city auditor for her comments on the information reports.

275
00:47:56.080 --> 00:48:14.739
Boardroom: and I would like to request that we move the restaurant inspection audit status report to action, and I'll see if 2 other colleagues would like to do that. So we can get an update from the director of the department on how things are going with the restaurant inspections. Thank you.

276
00:48:15.450 --> 00:48:18.170
Boardroom: Are there other council members who will join?

277
00:48:18.360 --> 00:48:30.860
Boardroom: Okay, okay, councilmember. Traegup and Bartlett will join in moving that to action were there. Say again, okay.

278
00:48:32.270 --> 00:48:33.500
Boardroom: other comments.

279
00:48:33.700 --> 00:48:38.620
Boardroom: Thank you. I also want to congratulate our new and returning

280
00:48:38.630 --> 00:49:05.009
Boardroom: council members and mayor. And I'm looking forward to working together. I also want to address the 4 Am. Sweep of the encampment at Old City Hall. I said this at the September 10th meeting, and I will say it again. Sweeping is not an effective solution to homelessness, and shuffling people around who are already traumatized is not only an ineffective, but it is not only ineffective, but it is also antithetical to our city's commitment to a supportive and compassionate response to homelessness.

Then we have to find better ways to meet the unique needs of our of our diverse community. There were 20 police officers at the sweep this morning, and 0 social workers or mental health professionals.

282
00:49:18.440 --> 00:49:29.880
Boardroom: I want to urge my colleagues to please meet with our constituents, who are suffering as a result of systemic inequity and our policy choices that direct our future decisions. Thank you.

283
00:49:40.120 --> 00:49:54.660
Boardroom: Thank you. I also would like to be recorded voting no on item 14, and would like to ask for unanimous consent to move. Item E bicycle and pedestrian access to on the Richmond San Rafael Bridge from the Action calendar to consent. Thank you.

284
00:50:02.310 --> 00:50:05.940
Boardroom: Second, were there other comments?

285
00:50:06.910 --> 00:50:11.100
Boardroom: Yeah, I have. I have a few comments, but I think councilmember Kesser Line was at.

286
00:50:13.000 --> 00:50:18.209
Boardroom: Do you want to? No, I think Council Member Keswani was asking you if you

287
00:50:19.600 --> 00:50:29.010
Boardroom: to ask for whether there are any objections to councilmember Lunapara's request to move the bike letter item to

288
00:50:29.050 --> 00:50:33.060
Boardroom: to consent. Yes. Are there any objections?

Boardroom: Yes, Mayor, I have just a few comments, and and one is with respect to Item 18 on the consent calendar, and it has to do with the new schedule of

291
00:50:47.810 --> 00:50:58.319
Boardroom: fines and late payment penalties for parking violations, and it's adding some penalties and fines for parking within 20 feet of a of a crosswalk or an intersection.

292
00:50:58.340 --> 00:51:04.630
Boardroom: You know, ahead of our red curbing all of those those areas.

293
00:51:04.640 --> 00:51:24.590
Boardroom: And I think we should go ahead and pass this tonight. But I had a question for staff, and I don't know if Staff is available to answer it. Looking over this item, I noticed, we have something like 35 different dollar amount levels just for base fines, for example, between the values of $40 and $60, there are 12 different fine levels.

294
00:51:24.590 --> 00:51:40.249
Boardroom: Is this something we could do an item on to potentially simplify and consolidate? Or are our hands tied by requirements that our fines be amounts that are precise to the dollar based on quantified impacts. So I don't know if there's any any staff member from public works

295
00:51:40.320 --> 00:51:43.049
Boardroom: who could answer that question available.

296
00:51:48.420 --> 00:51:54.129
Boardroom: Our public works, Director Terrence Davis, is on the call remotely. He's unmuted so he can respond to your question.

297
00:51:55.340 --> 00:52:01.510
Terrance Davis: Yes, good evening, Mayor, Council and Community Terrence Davis, public Works Director.

298
00:52:01.630 --> 00:52:11.340
Terrance Davis: So to the question I did confer, as we were putting this item together very closely with our police department and Chief Lewis, and

00:52:11.370 --> 00:52:14.620

Terrance Davis: we certainly can take a look at

300
00:52:15.041 --> 00:52:20.280
Terrance Davis: the series of of fines and fees that have been put before you in that schedule that are

301
00:52:20.300 --> 00:52:28.820
Terrance Davis: tied to the municipal code to take a look, to see if there's options to either consolidate or

302
00:52:29.190 --> 00:52:51.689
Terrance Davis: look at other options to ensure that we're following best practices, that other municipalities are as well. So that's certainly something we can take a look at. Some of this work started early as the reimagining public safety effort. So we have a framework to kind of take a look at these, so we can certainly look at them and bring them back.

303
00:52:55.070 --> 00:52:58.290
Boardroom: Okay, okay.

304
00:52:58.830 --> 00:53:14.770
Boardroom: thank you so much. I appreciate that. And I want to join with Council Member Kasarwani. If there aren't already 3 votes to move the restaurant's item from consent to action. We have 3 votes. We have 3 votes. Okay, yeah, yeah, thank you.

305
00:53:14.770 --> 00:53:30.919
Boardroom: And now, since the bike item is on consent. I just have a couple comments I'd like to make about that. I'd like to thank councilmember Lunapara for bringing this forward. If our region is going to meet its climate. Goals live up to its principles

306
00:53:30.990 --> 00:53:39.359
Boardroom: and be an example for the rest of the country. We need to take bold steps to make it easier and safer to use non-automotive forms of transportation.

307
00:53:39.630 --> 00:53:53.350
Boardroom: This particular project is beyond Berkeley's voters, but since this bridge is a regional transportation link, it still affects us and our residents. Directly. We just received a letter today from the Bay Area Council that I find Problematic

308

00:53:53.350 --> 00:54:21.989
Boardroom: Bay Area Council is purporting to speak on behalf of the minority and working class population of Richmond. But the city of Richmond's government has already weighed in on this, requesting that the Bike Lane stay open on weekdays. I don't want to move backwards to accommodate auto drivers. We need to be serious about mode, shift. The climate demands it, and there is no opportunity here for safely mixing bikes with cars on that bridge. Even the most avid cyclist is not going to ride the bridge without the safety of a protected bike lane.

309
00:54:22.390 --> 00:54:32.920
Boardroom: I'm hoping that working with our new Council members, we can bring forward some items for Berkeley that have the same energy as this one. There's no reason Berkeley can't be the Paris of the Us.

310
00:54:33.020 --> 00:54:42.050
Boardroom: With a high quality network of safe bicycle infrastructure, and Mayor Ishi following in and Paris, Mayor Ann Hidalgo's steps.

311
00:54:42.170 --> 00:54:49.230
Boardroom: And I'm hoping this resolution represents just a small initial movement in that direction. Thank you. That's all I have.

312
00:54:49.270 --> 00:54:55.970
Boardroom: Thank you councilmember, are there additional comments? I think our machines are now working.

313
00:54:55.990 --> 00:55:17.080
Boardroom: I see, actually councilmember, Blackby. I'll be brief. Yeah, 1st on the consent calendar. It's just. I'm glad to see several items to promote the arts here in Berkeley art and public spaces, as well as to study the economic impact of the arts in Berkeley and pandemic recovery. So I'm looking forward to

314
00:55:17.080 --> 00:55:36.709
Boardroom: that report and seeing the results of the report, also appreciate the auditors, comments earlier and in particular the fire department audit. I know we're at the end of the 5 year follow-up period, and so not necessarily obligated to report back again on the audit. But I know there are a lot of those recommendations that are in process.

315
00:55:36.710 --> 00:55:54.509
Boardroom: So I just wanted to confirm with the city manager that we could get maybe a 6 month off Agenda memo with an update, even though again, we're past the 5 year window. But I think there are a lot of those

recommendations that we're eager to see progress on and would love an update in about 6 months. Sure, that's no problem. Councilmember. Okay, thank you.

316
00:55:56.220 --> 00:55:57.650
Boardroom: Councilmember Traka.

317
00:55:58.490 --> 00:56:08.669
Boardroom: thank you so much, Madam Mayor. 1st I wanted to just join in the chorus of the congratulatory, the congratulatory chorus

318
00:56:08.820 --> 00:56:14.250
Boardroom: to say congratulations, and

319
00:56:14.280 --> 00:56:42.210
Boardroom: it is exciting and inspiring to be part of a council where 4 story is being made today, and congratulations on your momentous victory, and thank you for being willing to serve and congratulations to all of the new and re-elected members of the Council. Some of you have already worked on in this space before.

320
00:56:42.250 --> 00:57:06.589
Boardroom: and I look forward to doing so again. I wanted to, on Item 18, just follow up on the question from my colleague with another question. We did receive a communication in today in support of this item and

321
00:57:06.590 --> 00:57:21.480
Boardroom: asking about what kind of educational opportunities there might be before we get into punitive measures, the goal is always compliance. But if Staff can provide a brief

322
00:57:21.540 --> 00:57:34.480
Boardroom: answer about what kind of educational processes will be in place first, st before these fines fines are exacted.

323
00:57:35.840 --> 00:57:40.559
Boardroom: Sure, thank you for the count, the question council member, a couple things. One

324
00:57:41.420 --> 00:57:47.589
Boardroom: we're developing, or we have developed a list of the most dangerous intersections in the city.

326
00:57:59.640 --> 00:58:18.120
Boardroom: that they want to share that that would be welcomed to your question. We will be. The plan is to put out information over our social media, through the city's websites, which we'll share also with council members, and you can amplify those voices would be helpful. And to start off with a 2 to 3 month period where the goal is not to

327
00:58:18.400 --> 00:58:33.180
Boardroom: start with citations, but with education and warnings, and then, after that period of time, move into citations. After that so, but there would be a 2 to 3 month period of of informing and educating the public about this whole process and the State law.

328
00:58:34.020 --> 00:58:40.149
Boardroom: Thank you so much. And then, in reference to Item

329
00:58:40.620 --> 00:59:00.050
Boardroom: E, which is now on the consent calendar. I just wanted to thank the engagement that we have received from many members of the public, whether you were for or against this resolution

330
00:59:00.050 --> 00:59:13.340
Boardroom: I read your comments and letters closely, and I don't dismiss the legitimacy of the opposition to this item.

331
00:59:13.810 --> 00:59:19.269
Boardroom: I will be voting in support of the consent calendar, which includes this item.

332
00:59:19.300 --> 00:59:40.199
Boardroom: I had an opportunity to ride my bike across that bridge a couple of years ago as part of a 350 Bay Area bike ride along across all 3 bridges. We did, I think we tried to do half of the Bay Bridge, because only half is open. Right now

Boardroom: a class all 9 counties in the Bay area, and we are just one city. But

335
01:00:02.580 --> 01:00:11.459
Boardroom: I wanted to lend my voice as part of the 9 Member City Council in support of this item.

336
01:00:11.510 --> 01:00:12.340
Boardroom: because,

337
01:00:13.660 --> 01:00:23.749
Boardroom: I agree with the contents of this item, we are in a climate emergency. Any mode shifts that can be done

338
01:00:23.780 --> 01:00:26.559
Boardroom: to move people to

339
01:00:28.250 --> 01:00:35.679
Boardroom: More climate, friendly modes, and away from privately owned vehicles

340
01:00:35.710 --> 01:00:47.089
Boardroom: is helpful to the extent, and I did read the comments to the contrary, to the extent that some believe that this pilot has failed.

341
01:00:47.370 --> 01:00:53.400
Boardroom: I believe that it is our collective responsibility to ensure its success.

342
01:00:53.570 --> 01:01:10.989
Boardroom: and I am just one council member in one district, but I think I share this desire with all of my colleagues to do whatever we can to support, making it safer.

343

345
01:01:33.270 --> 01:01:55.350
Boardroom: Thank you. Councilmember Tregov. I see that Council Member O'keefe would also like to speak. Yeah, thank you. And I'm happy to follow Council Member Tragoup's comment, because I would like to add my support to the bike lane item. And in addition to the important climate goals that it serves. I want to also call out that it's very, very important

346
01:01:55.350 --> 01:02:13.790
Boardroom: to have bike access from the East Bay to Marin, due to for equity reasons. I think the fact that Bart does not go to Marin, and there's very limited other public transportation access. It's really really important as a government body that we make sure that

347
01:02:13.820 --> 01:02:20.199
Boardroom: there's good good equity in transportation throughout our region. So another reason to support it.

348
01:02:21.220 --> 01:02:28.619
Boardroom: Thank you Council Member O'keefe. I'd now like to move on to public comment on consent, calendar and information items only.

349
01:02:28.980 --> 01:02:31.650
Boardroom: and I will have the clerk

Boardroom: if you're going to speak. Please line up against the wall over here.

Boardroom: You can get a sense of

352
01:02:43.220 --> 01:03:03.080
Boardroom: Hi! I'm Margaret fine again, and I'm here tonight for Monica Jones, who unfortunately couldn't be here, but is such an extraordinary community member and leader, and you'll see an invitation in the back for a bike, giveaway, and thank you. Ben did an emergency legislation like the scu.

01:04:11.670 --> 01:04:13.139

01:04:16.200 --> 01:04:27.020
Boardroom: good evening and welcome, Madam Mayor, so wonderful to see you up there, and all the new Council members. Welcome. My name is Ilana Auerbach, and I am wondering who was it?

359
01:04:27.110 --> 01:04:49.710
Boardroom: This is with regard to item number 14. Thank you councilmember Lunapara for not supporting 400,000 more dollars to the Berkeley police department. 361
01:05:02.520 --> 01:05:13.150
Boardroom: she was speaking with Peter Radu and other people in the city. There was a plan. These were elders, these were people who had disabilities. These were people who had mental health

362
01:05:13.570 --> 01:05:24.100
Boardroom: challenges and 4 Am. Can you imagine coming, and they were traumatized. And so we need to understand who okayed that

363
01:05:24.200 --> 01:05:41.720
Boardroom: because that wasn't what they were talking about with our unhoused neighbors with the homeless union, and also with the advocates for our unhoused neighbors. So that's transparency and accountability. And and we need to get to the bottom of that. So this kind of thing doesn't happen again. Thank you.

365
01:05:55.090 --> 01:06:01.130

Boardroom: giving more money to Siemens industry.

367
01:06:04.600 --> 01:06:09.279

373
01:06:46.290 --> 01:06:56.549
Boardroom: Instead of giving Bpd more toys, we should be spending money on actually solving the homelessness

374
01:06:56.960 --> 01:07:04.440

As well as a policy associate at the Bay Area Council for homelessness and transportation policy. Firstly, I want to say that I find it extremely close-minded to disregard any piece of information, because it's coming from the Bay Area Council. I'm a lifelong Richmond Resident, and the Richmond Bridge issues have affected me and my community personally.

378
01:07:49.470 --> 01:08:06.029
Boardroom: Firstly, I'd like to say that if you are voting in favor of the Resolution, the Permit amendment is supported by the Richmond, Naacp, Bata, Mtc. The Marin County Board of Supervisors, the Contra Costa County Board of Supervisors.

01:08:06.110 --> 01:08:23.369

Boardroom: Public policy has to be based on the facts which demonstrates the following biker usage of the bridge is slim, and 80,000 cars go across the bridge daily. This is directly impacting minority communities who do not have access to bikes and cannot

381
01:08:39.340 --> 01:09:04.310
Boardroom: bike on the bridge. Due to how long the commute is I myself have, or biked and rode on the bridge specifically, and it's a hard ride. But I do support biking. This amendment isn't against biking. The bike lane would remain open on Friday through Sunday. This is directly impacting a minority community and is supported by the minority community of Richmond and many other organizations. Thank you for your time.

382
01:09:10.450 --> 01:09:17.280
Boardroom: Good evening, and welcome. New Mayor Xi. Ishi. Beautiful to see you beautiful to you.

383
01:09:17.410 --> 01:09:21.729
Boardroom: Of course I was disappointed. Mayor again. And the City Council people.

384
01:09:21.770 --> 01:09:38.180
Boardroom: They're horrible the way they treat my company. I opened our company in 1973 with $1,000 loan from cooperative union people have been here within 5 years. While I'm Phd. Student at Cal, in the field of nuclear engineering, our company did over

385
01:09:38.450 --> 01:09:45.429
Boardroom: 15 million dollars a year. I'm sorry. Can you just tell me which item you're speaking of? Item C.

Boardroom: But the demolish our building on telegraph here again promised a place, so we would love to have you

392
01:10:10.370 --> 01:10:16.519

395
01:10:34.840 --> 01:10:43.520
Boardroom: over 100 well-paid Americans paid millions of taxes, including many millions in the Berkeley City of Berkeley, taxes

396
01:10:43.790 --> 01:10:50.830
Boardroom: the way, you know. I'm sorry. The cover page, as you see, it, is very

397
01:10:50.940 --> 01:11:01.610
Boardroom: tough. It is because we've been waiting 4 years eventually to give us some unknown company that manufactures jewelry which is obscene, and our friend

398
01:11:02.020 --> 01:11:15.460
Boardroom: Bartlett knows he brought them in. Now, what I like to say for sure is that if you look at the 1st page, just cover it, please conclude your I will. I will mark you're a minute over Mark. Okay, just wait. Okay.

Boardroom: terrible action. What Erin did and the city Council did really was a crime against our company as well. You're over your time. Okay, I want to make sure we have time for the other comment. Yeah, just

402
01:11:39.030 --> 01:11:52.419
Boardroom: please pay attention to the 3 pages I gave you. Thank you. Would you promise that? Thank you so much. I have them right here. Thank you. Thank you. We lost probably a couple 1 million dollars in the last 3 years we need to go forward. Thank you.

407

Boardroom: Hi again. My name is Aidan Hill. I'm a resident of District 7. I wanted to speak briefly about Consent. Calendar, item C. The lease agreement with Dorothy Dayhouse district. 7 residents deserve spaces where we can dance and play pickleball in large open fields, spaces that bring joy, foster connection and address. Our community's climate, goals.

408
01:12:30.880 --> 01:12:55.860
Boardroom: parks, and open spaces are not just about recreation. They're also essential infrastructure for resilience. That's where Dorothy Day comes in. Dorothy Dayhouse has been tremendous in at least my work with

food, not bombs, which is a loosely international organization that's like people like you and me, who believe ending hunger is necessary that food is a human right, and Dorothy Dayhouse has been at the forefront of that in.

409
01:12:55.860 --> 01:13:17.539
Boardroom: We've had so many connections with them, and in my personal work as a case manager. I see how especially unhoused people need those services now more than ever, and it's nonprofits like Dorothy Dayhouse who are picking up the slack and making sure that people are fed. So I really do hope you approve this, and I want to commend Dorothy Dayhouse for all the work they've done in Berkeley. Thank you.

410
01:13:25.900 --> 01:13:31.049
Boardroom: Good evening. So item C. I'll ditto it.

411
01:13:31.410 --> 01:13:40.429
Boardroom: the previous speaker said. But I also want to comment on the sweeps because you really are traumatizing folks.

412
01:13:40.540 --> 01:13:50.540
Boardroom: People are unhoused, and then they have to wake up at 4 Am. Whatever time you decide with police presence, no mental health services.

413
01:13:50.880 --> 01:14:00.830
Boardroom: and no compassion or empathy. How would you like it if you someone came knocking on your door at 4 Am. Demanded you to move all your stuff and get the hell out.

414
01:14:01.050 --> 01:14:05.839
Boardroom: That's what they do in Israel, you know, it's not real, I mean.

415
01:14:05.980 --> 01:14:11.250
Boardroom: And it seems like you're taking on the same kind of tactics.

416
01:14:11.500 --> 01:14:17.860
Boardroom: And that's not okay. I also understand that the walk buzzer in front of

417
01:14:18.150 --> 01:14:23.400
Boardroom: old City Hall when you cross the street at 3 Am. Was going on.

419
01:14:28.220 --> 01:14:31.780
Boardroom: and that's another tactic of the Idf.

420
01:14:31.970 --> 01:14:40.440
Boardroom: To to have drone sounds which is equivalent to the sound of the walk, the beep

421
01:14:40.960 --> 01:14:53.989
Boardroom: from the walk signs. And that's not okay. That's torture and unusual punishment. So be kind to our unhoused neighbors and stop the sweeps and free Palestine.

422
01:14:54.710 --> 01:14:55.560

426
01:15:22.440 --> 01:15:31.439

427
01:15:31.540 --> 01:15:32.860
Boardroom: vehicle supplies.

428
01:15:33.350 --> 01:15:38.509

Boardroom: I did everything I could. I took her to my house. I bathed her, I gave her new clothes, but I can't.

445
01:17:16.290 --> 01:17:23.759
Boardroom: I can't. I don't have the resources to to help her the way she needs to be helped.

446
01:17:24.320 --> 01:17:33.770
Boardroom: And I called the Special care unit this morning, when there was a bulldozer. There was a bulldozer going back and forth 2 feet from her tent.

447
01:17:33.830 --> 01:17:37.569
Boardroom: with no regard, and I'm sorry, but I have

448
01:17:37.730 --> 01:17:41.109
Boardroom: the memory of Rachel Corey actually is on my shoulder.

449
01:17:41.780 --> 01:18:01.720
Boardroom: and I'm thinking, what if this guy makes one long roll this woman in this deck? She already had it. Okay, well, she's got 12 seconds because she's already 48 seconds over. Okay, you got okay. We'll let it run for

450
01:18:02.880 --> 01:18:07.559
Boardroom: 15 more seconds. Flores told me that he oh, I'm sorry

452
01:18:15.050 --> 01:18:20.589
Boardroom: when I called this morning I got for the scu. This is our emergency response.

453
01:18:21.110 --> 01:18:43.679
Boardroom: At 1st I was told, we can't come there who exactly. We're not allowed to come to old City Hall eventually they told me that Dr. Flores had said, we are specifically directed not to go to encampments without police, which completely undermines this 5 million dollars project that we've all been so many of you campaigned on

454
01:18:43.700 --> 01:18:49.389
Boardroom: your desire for a 24, 7 emergency response. Then, when I call back

455
01:18:50.150 --> 01:18:54.860
Boardroom: and I tried, well, I said, look, this woman right here needs help. Please come.

456
01:18:55.150 --> 01:18:58.120
Boardroom: he said. We're in a training from 8 to 12.

457
01:18:58.870 --> 01:19:07.440
Boardroom: Would you expect if you called the police? If you got that kind of an answer. I don't know what's funny, but right on, that's the 4 min. Thank you.

458
01:19:08.720 --> 01:19:31.409
Boardroom: So I've come in so many times asking for your help. Thank you so much for your comment. Today is my 1st meeting, and I promise you that I will make time to speak with all of you about this issue. I really appreciate you bringing this, and it's absolutely heartbreaking. Of course, if someone came and woke me up at 4 Am. In the morning. I wouldn't be happy about it either. So I understand that. And

Boardroom: I want to say that there needs to be more communication and coordination, and that those conversations will be had with my administration. So thank you so much for your comments.

460
01:19:52.860 --> 01:19:53.770
Boardroom: It's crazy.

461
01:19:56.770 --> 01:19:57.820
Boardroom: Let's see that

462
01:19:58.500 --> 01:20:05.699
Boardroom: that's Ms. Pritchard, ladies and gentlemen, she's been fighting in this community for a long, long time a long, long time.

463
01:20:08.870 --> 01:20:17.729
Boardroom: folks, my name is Nathan Mizell. A few of you may recognize me from the long ago eras of 2020 and 2021 when we were doing reimagining public safety.

464
01:20:18.470 --> 01:20:23.819
Boardroom: Before I get into any of that, I want to congratulate you, Mayor Ishi, on your election. Your victory.

465
01:20:23.940 --> 01:20:31.009
Boardroom: I think it truly represents so many Berkeleyans, New Hope, and there are many people, I trust truly that say to me.

466
01:20:31.050 --> 01:20:48.259
Boardroom: they believe you are that person that can put the city back on track. So I look forward to supporting you in your work. Congratulations, Councilman Blackaby, Customer O'keefe, of course. Reelection of the Council members. Customer. Bartley. You're you're the old statesman now as well.

467
01:20:48.310 --> 01:20:50.630
Boardroom: Not too old. Okay.

468
01:20:51.317 --> 01:20:59.179
Boardroom: sorry was there? Oh, yeah. So I'll go to what was. Item 18. Is that the police item, or is that the

Boardroom: oh, I'm already out of time. I very much appreciate it. Thank you. So yeah, let's talk about no, no, folks. I'm sorry there's a different item on the agenda. Let's talk about fines and fees. Yes, fines and fees.

470
01:21:15.710 --> 01:21:26.269
Boardroom: I appreciate Council's concern. I heard it from Customer Humbert, other council member as well. That was one of the things we worked on in reimagining, and I believe, currently the proposal to

471
01:21:26.350 --> 01:21:33.289
Boardroom: hire additional folks to look over claims and to really just remodel and completely change our financing fee structure.

472
01:21:33.710 --> 01:21:43.789
Boardroom: I believe there's a deferred budget proposal waiting for you perhaps next year. So I think, like a lot of different ideas and reimagining, we're still hoping to see that work forward.

473
01:21:44.020 --> 01:21:52.420
Boardroom: But I also want to be clear for myself, obviously, safety for renters, bill protections.

474
01:21:52.560 --> 01:21:59.759
Boardroom: police callability. These are my big issues, as you folks know, I will continue to advocate for them, and I think the good news is

475
01:21:59.840 --> 01:22:02.000
Boardroom: there's a lot of room for us to work together.

476
01:22:02.410 --> 01:22:08.330
Boardroom: I know it seems like a lot in the last year. Maybe that hasn't been true. That's still true to me. That's why I worked with.

477
01:22:08.460 --> 01:22:25.450
Boardroom: I've asked for a year and a half to get ideas to all of y'all, and I want to continue in that work. And just so, you know, I've I've been at law school at Hastings for the last, you know, I should say Uc. Law, sf, formerly, Hastings, don't get mad at me, so I'm working on that. That's why I haven't been here as often. But I'm still in this work.

479
01:22:34.420 --> 01:22:35.170
Boardroom: Involvement.

480
01:22:40.690 --> 01:23:02.100
Boardroom: Hi just wanted to talk really quickly about item number C. I'm not here to oppose the lease for Dorothy Dayhouse, but I do want to raise some serious issues about the services in Berkeley. My day job is to be as a journalist, and I actually requested, through a public records, request, the grievances that people have filed about Dorothy Dayhouse in their shelters.

481
01:23:02.100 --> 01:23:26.630
Boardroom: and I was not able to get these records because the city does not even collect this information like you don't even know what grievances are happening in your shelters because the city does not request this information. So I just want you to know that you know that is a priority, that you should know what is happening in the places that you're funding. Dorothy Dayhouse is a longstanding, homeless service provider, but they also need checks and balances which they don't have

482
01:23:26.630 --> 01:23:34.700
Boardroom: at this moment. We just keep funding everything that they do. But we need checks and balances. Thank you.

483
01:23:38.260 --> 01:23:39.340
Boardroom: Sorry.

484
01:23:41.080 --> 01:23:45.040
Boardroom: Arnie, okay, have a guest.

485
01:23:49.410 --> 01:23:57.749
Boardroom: I want to talk about item 14 and spending money on the police like up to 400,000 or something. I want to talk about honor

486
01:23:57.850 --> 01:24:04.280
Boardroom: because the police are supposed to be honorable, and I entered into an agreement with the city of Berkeley.

489
01:24:18.350 --> 01:24:23.219
Boardroom: but that they could use their own autonomy and agency to go inside.

490
01:24:24.020 --> 01:24:37.380
Boardroom: You could understand that I was very disheartened this morning at 4 Am. When the city showed up with like 25 police officers and 25 public Works folks to remove people after I shook

491
01:24:37.990 --> 01:24:39.840
Boardroom: Peter Radu's hand.

492
01:24:40.370 --> 01:24:43.229
Boardroom: That's old school, I said. Let's, partner.

493
01:24:43.280 --> 01:24:51.510
Boardroom: let's help people. Can. I have an extra minute, Paul? Thank you, I said. Let's work together.

494
01:24:51.730 --> 01:24:54.550
Boardroom: Let's get people inside. It's wintertime.

495
01:24:54.610 --> 01:25:06.359
Boardroom: and then I've said numerous times, including to Paul Butenhagen that where do we go would pay for the cleanup of Harrison Street to help folks? There. We said that numerous times let's help people this winter.

496
01:25:08.080 --> 01:25:11.300
Boardroom: But what happened this morning is our most disabled

497

499
01:25:28.590 --> 01:25:30.640
Boardroom: There's too much to get into.

500
01:25:31.050 --> 01:25:34.679
Boardroom: What I think needs to happen is we need to have an investigation.

501
01:25:34.970 --> 01:25:53.319
Boardroom: because this is affecting my reputation with the folks on the street. I went out there, and we talked about people going inside and getting the trust from the city of Berkeley, and giving that because to get trust, you have to get it to get people inside there has. Can I have another minute. Thank you.

502
01:25:55.550 --> 01:25:56.550
Boardroom: honor

503
01:25:58.020 --> 01:26:12.130
Boardroom: bravery! To stand up when everyone is against you, when they don't like seeing people to stand up for people's rights, and courage is important. And what happened? Because I came here, and I talked to everyone about having a partnership.

504
01:26:12.400 --> 01:26:18.129
Boardroom: a start again, and on our mayor's 1st day

505
01:26:18.560 --> 01:26:26.730
Boardroom: I bet I'm correct that no one told you they were going to come out at 4 A. M. Because you were at our dinner, and you've been out at our camp.

506
01:26:27.530 --> 01:26:38.710
Boardroom: and our goal is to get people housed. That's what everyone says. I was told that the city of Berkeley was intaking 5 people a day. That's what I told people out there. And this morning people were screaming.

508
01:26:49.400 --> 01:26:53.729
Boardroom: I had a 76 year old woman who just got discharged from the hospital.

509
01:26:54.330 --> 01:27:00.300
Boardroom: This isn't over. There's also, and I'm not threatening to be frivolous about it.

510
01:27:01.730 --> 01:27:05.279
Boardroom: When I shake someone's hand. I believe in honor. You all know me.

511
01:27:05.690 --> 01:27:13.909
Boardroom: I don't come up in front of you just to wave my arms around. Not that people do that, but I'm saying I'm just speaking for me.

512
01:27:14.580 --> 01:27:26.680
Boardroom: I was given a promise that everyone there would be housed or have an offer of shelter before this. This camp was cleared and they showed up this morning. I honestly didn't think it was going to happen, because I believe in handshakes.

513
01:27:27.100 --> 01:27:34.480
Boardroom: I believe in honor, integrity. Your word means something, and I put everything in it. I worked every single day. Everyone in our

514
01:27:35.320 --> 01:27:43.690
Boardroom: organization, the Berkeley Homeless Union, and others, worked every single day to get these folks housed.

515
01:27:43.710 --> 01:27:56.069
Boardroom: and now they're traumatized. There are still 2 women who are so severely disabled that they are laying on the grass in psychosis, not because they should be arrested for 51, 50, I'll end it.

516
01:27:57.320 --> 01:27:59.839
Boardroom: but because they need help.

Boardroom: Oops.

519
01:28:13.380 --> 01:28:34.559
Boardroom: before you speak. I just want to say I was not aware, but I don't think that that's an excuse, I should have been aware. And so I do want to just say that I, as your mayor, feel that it's my responsibility to know about these things and to be able to continue to build trust between the city and the people. So I thank you for your comments.

520
01:28:35.880 --> 01:28:39.079
Boardroom: Okay, do we start now? Okay.

521
01:28:39.220 --> 01:29:04.219
Boardroom: okay, so on. C. Dorothy Dayhouse always support the good work of Dorothy Dayhouse. But job development for the unhoused should go beyond selling thrift clothes which is not a sustainable way to survive or become self-sufficient. So we really need better job development in Berkeley in terms of Number 12. I'm glad to see. So

522
01:29:04.220 --> 01:29:27.870
Boardroom: the city addressing Sacramento cars just race through those led lights. There's been many accidents. It needs to be looked at very carefully, and as far as the scu it needs to be. It is a failure on so many fronts. I can't possibly begin to go into it here, and it just needs to be redesigned. We need to acknowledge

523
01:29:27.870 --> 01:29:37.210
Boardroom: that the intent was good, but it needs to be completely reworked. But there's more than the su. There's the city of Berkeley has a mental health, full service.

524
01:29:37.210 --> 01:30:00.639
Boardroom: homeless partnership team that the Mhsa funding plan came to council. I will wrap up. But it came to council for approval and was approved by the State, and it talks about physically going to the encampments to provide mental health services. But they're never at the encampments. Okay, so we need to also look at the mental health.

01:30:22.240 --> 01:30:28.519

531
01:30:52.950 --> 01:30:59.430

532
01:30:59.700 --> 01:31:05.839

568
01:35:32.890 --> 01:35:39.429
Chelcie: It relates to the homelessness issue in the situation, because, as a city do, we only care about people if they're unhoused and homeless, or

01:35:44.320 --> 01:35:55.399
Chelcie: That's fine. I'm still going to bring it up, because it is a topic that needs to be brought up, and nobody sitting here has told me that they're going to be looking at this seriously and understanding what's going on with this act.

572
01:35:55.400 --> 01:36:13.820
Boardroom: Excuse me, I'm going to interrupt and say that earlier I made comments that I will be meeting with folks here. I've already spoken to folks before this meeting, and and will be meeting with them. And so this is something we are taking seriously. And also this is time for comments on the consent agenda, as well as information items only.

Along with existing support from Richmond City Council, Albany City Council, West Contra Costa Transportation Commission, more than 70 community organizations, including the Sierra Club save the Bay, the trust for public land, more than a dozen community serving Richmond groups, and too many more to mention. Unfortunately, there are still infrastructure gaps on the Marin side that inhibit biking and walking access pathway and extremely insufficient public transit connections.

621
01:43:00.000 --> 01:43:06.889
Boardroom: Can I just say, usually it's after discussion, though it's up to its discretion.

622
01:43:08.400 --> 01:43:35.539
Boardroom: Thank you. Thank you for your suggestion. Were there comments, yeah, council comments. Thank you very much, Madam Mayor. I want to thank the auditor again for the report on this, and Director Gilman, I see you're on zoom for us. I want to thank you for your

624
01:43:41.000 --> 01:44:09.670
Boardroom: And I wanted to have this discussion because I had done a referral, suggesting that we look at the possibility of doing some kind of independent analysis of whether the city of Berkeley should continue to exercise this function of conducting the healthcare facility inspections and potentially look to alternatives. And so I understand, Director Gilman. You have now had a chance to speak to

Boardroom: the Alameda County Health Department Director, and so I was hoping you could share a bit about what you've learned from that. And then I do want to ask you some questions about the audit recommendations.

626
01:44:22.690 --> 01:44:35.859
Scott Gilman: Yes, thank you. Thank you for the opportunity council, member and mayor, and through the city manager we did. We did meet with the county, or having regular meetings with the county as we move forward with the audit.

627
01:44:36.325 --> 01:44:41.600
Scott Gilman: regarding simply giving it back to them. We've determined with the county that

628
01:44:42.131 --> 01:44:47.109
Scott Gilman: the that it is our responsibility. It's our responsibility to pay for it. And so

629
01:44:47.190 --> 01:44:51.939
Scott Gilman: if we did make that decision, it would be a contract. They

630
01:44:52.170 --> 01:45:11.100
Scott Gilman: aren't necessarily jumping up and down at that idea, but are willing to discuss it. And, in fact, one of the things that we're doing while we go through this process is talking to them about about implementing a contract with them for backup services. So if we do run into a situation where we fall behind.

631
01:45:11.486 --> 01:45:19.629
Scott Gilman: We are. We have a very small staff, so it doesn't take very many vacancies for us to get to get behind. And that's part of what happened, you know, to begin with.

632
01:45:19.660 --> 01:45:28.509
Scott Gilman: So the short answer is, yes, we're in. We're in communication. As we rebuild. We want to have our standards, our policies, our procedures very similar to theirs.

633
01:45:28.680 --> 01:45:33.560
Scott Gilman: and we have talked about whether it would be viable or not.

Boardroom: Okay, thank you very much, Director Gilman. And can you tell us more about the status of catching up on the 2023 inspections that we weren't able to do. I know the the document on page 4. Notes that we still have 124 to complete by December 31, st are we going to be able to do those.

635
01:45:56.810 --> 01:46:11.329
Scott Gilman: Yeah, we'll complete the overdue inspections for 2023, you know, as we as we promised. I think the thing I want to be transparent about, though, is as we've gone through this. You know, we've done a really deep dive into the department.

636
01:46:11.420 --> 01:46:19.609
Scott Gilman: We found a few things, for example, a fee study hadn't been done in quite a while. If these studies almost complete

637
01:46:19.650 --> 01:46:39.969
Scott Gilman: one of the things that the fee study has shown us very clearly. And it's just simple math is that we're not. We're not staffed appropriately to do the work in the department. So we're going to have to come back to you, and we'll have to figure out from a staffing and a finance standpoint and a policy standpoint. There's a lot of discussions and questions that we'll have to answer.

638
01:46:40.090 --> 01:46:50.529
Scott Gilman: But it's really just. It's really just a phenomena that that we've learned happens across the State. Other environmental Health directors call it the while you're out there syndrome.

639
01:46:50.540 --> 01:47:00.959
Scott Gilman: where we have staff that's out in the field, and while you're out there, for example, you can just do tobacco, you can just do noise. You can. Do you know these these other functions? And we've done that.

640
01:47:01.000 --> 01:47:06.549
Scott Gilman: But but we're clearly, mathematically, not able to to meet the

641
01:47:06.620 --> 01:47:13.089
Scott Gilman: the the level of quality that we want to. And so we're we're in the early stages of

642
01:47:13.100 --> 01:47:20.059

Unofficial Text File

This information provided by Zoom. The City of Berkeley cannot certify the following text since we did not create it.

Scott Gilman: analyzing the fee study. That'll be the the vehicle that we'll use to have discussions, you know about that.

643
01:47:20.080 --> 01:47:25.590
Scott Gilman: And when I when I say quality discussions versus cost discussions for the city.

644
01:47:25.942 --> 01:47:30.850
Scott Gilman: just the best way to think about that is best practice is we do 4 inspections a year

645
01:47:30.880 --> 01:47:50.690
Scott Gilman: for high risk facilities like nursing homes. If we're going to continue. And that's a that's a city policy decision. You can decide as a council that you want to do it 6 times. You can decide that you want to do it one time, but there's a cost to it. So we're going to have to weigh that that cost of of maintaining that level of quality

646
01:47:50.780 --> 01:47:55.280
Scott Gilman: with, you know, with the the current resources that we have.

647
01:47:57.290 --> 01:48:22.249
Boardroom: Okay, thank you very much, Director Gilman. I wanted to touch on the staffing issues, I see. And I think our auditor had mentioned that you filled the vacant registered Environmental Health specialist position recently in October 2024, and we're in the process of hiring for the supervisor position. But in the interim we are able to contract with the California Association of Environmental Health Administrators

648
01:48:22.540 --> 01:48:26.069
Boardroom: to use temporary registered environmental health specialists.

649
01:48:26.660 --> 01:48:29.720
Boardroom: It says, in the short term

650
01:48:30.270 --> 01:48:52.730
Boardroom: I'm wondering is that an option that could also be available in the longer term just given our staffing challenges? Because if we have turnover, I just want to make sure we have a backup plan. It sounds like we could explore the county as a backup. And what about this? This other option here with the California Association of Environmental Health Administrators.

651
01:48:53.310 --> 01:49:16.259
Scott Gilman: We're exploring both of those options right now. What we have to be careful of with the association is it's retired annuitants, and they can only work on specified projects, and we were very fortunate. We had a registered staff person that was familiar with our community, very seasoned, and was able to walk in and really just start working right away. But to answer your question specifically, yes, we're exploring both of those options.

652
01:49:17.290 --> 01:49:33.620
Boardroom: Okay, yes, I just want to encourage that. I want to make sure that we have a backup plan so that we don't have a situation where the very high risk facilities are not getting the attention and the inspections that they need, and then finally, on the it piece

653
01:49:33.930 --> 01:49:39.280
Boardroom: and the the database. Can you just give us an update on where we are with that.

654
01:49:39.460 --> 01:49:56.910
Scott Gilman: Yeah, we have been working with it. We're scheduled to implement our new system, the 1st quarter of 2026. There's a a lot of groundwork that has to be done between now and then. Including bringing in a a consultant to help us map the current system.

655
01:49:57.000 --> 01:50:18.589
Scott Gilman: and once that's done, then we can look at the last item on the auditor's recommendation was some sort of placard system that we could that we could implement. But again, if if we do move in that direction, that would be an additional function, an additional cost that we'll have to consider. You know, when we get to that. When we get to that point.

656
01:50:19.250 --> 01:50:30.609
Boardroom: Okay, yes. I want to express my support for the placard system. I think we've all traveled to other places where we see the letter grade for the restaurant, and it gives

657
01:50:30.660 --> 01:50:54.740
Boardroom: the customer confidence that yes, the restaurant has been inspected, and it has passed, so I hope we can get to that point. But I know we have a lot of work to do before we can build on what we have. And in closing, I just want to note that this type of function often gets overlooked. This is a core basic service

663
01:51:49.270 --> 01:52:02.599
Boardroom: Thank you. Council member Humbert. Yes, thank you, Madam Mayor, and I want to join in in all of the comments that councilmember Kasarwani just made. It is a core function to

664
01:52:02.750 --> 01:52:21.610
Boardroom: to provide assurances, to do the work, to be able to provide assurances to our residents and to visitors, that restaurants, healthcare facilities that they're patronizing. Or, you know, patients in, for example, are are safe. And and and you know.

665
01:52:21.690 --> 01:52:24.030
Boardroom: I think it's really just critical.

666
01:52:24.220 --> 01:52:40.950
Boardroom: There's another sort of sub-issue, and I don't think well, 1st of all, I want to mention that I think I'd really love to see the work speeded up the 1st quarter of 2026 is a long way away. And in the meantime, you know, we really need to.

Boardroom: We need to really be able to deliver these services and assurances.

668
01:52:45.670 --> 01:52:46.560
Boardroom: But

669
01:52:46.860 --> 01:52:57.290
Boardroom: one sub-issue has to do with the ability to find out a restaurant's health score, for example. And right now, as I understand it. You have to

670
01:52:57.610 --> 01:53:02.080
Boardroom: log in to get it, and I don't think people

671
01:53:02.100 --> 01:53:10.879
Boardroom: who are going out to a restaurant are going to take the time necessarily to log in to find out what a particular restaurant's

672
01:53:11.090 --> 01:53:30.029
Boardroom: health score is. So I'm wondering if there's some way in the interim immediately, as soon as possible to open the data portal so that people can simply look at the website and find out very quickly what the health score of a particular restaurant is

673
01:53:30.340 --> 01:53:34.940
Boardroom: is that something we can do more quickly? Director Gilman.

674
01:53:34.940 --> 01:53:48.410
Scott Gilman: We can certainly explore it with with our it. Department. It's really that, you know, like all of this is a matter of resources and and priorities. So my boss is sitting in the room and and we will definitely explore it and report back.

675
01:53:48.750 --> 01:53:51.370
Boardroom: Thank you. I appreciate that.

676
01:53:51.950 --> 01:53:54.630
Boardroom: Thank you. Moving on to councilmember Traka.

678
01:54:14.490 --> 01:54:20.280
Boardroom: very hard work to expeditiously try to address

679
01:54:20.500 --> 01:54:39.169
Boardroom: all of these audit findings I co-sponsored councilmember Keselvani's item, and I'm very appreciative of the line of questioning that my colleagues have provided. I wanted to just

680
01:54:39.170 --> 01:54:54.010
Boardroom: sign on to, or associate myself with several of the comments on the dies that have already been made. I believe that I, too, believe that this is foot inspections, and doing them well.

681
01:54:54.040 --> 01:55:00.520
Boardroom: That is a critical function of city government. And so

682
01:55:01.010 --> 01:55:07.340
Boardroom: I'm fully invested in the success of this program, and

683
01:55:07.370 --> 01:55:17.220
Boardroom: anything that we can do as a council to ensure that you have the appropriate resources to complete

684
01:55:17.250 --> 01:55:22.089
Boardroom: this task I would certainly support.

685
01:55:22.200 --> 01:55:30.860
Boardroom: With that I wanted to really encourage you to look at what

686
01:55:30.920 --> 01:55:43.010
Boardroom: data may be made available to the public right. Now, I agree that placards with letter grades is.

687

689
01:56:06.070 --> 01:56:10.080
Boardroom: but at the end of the day

690
01:56:10.630 --> 01:56:18.530
Boardroom: this is something that other jurisdictions do, and we should at least be doing that.

691
01:56:20.330 --> 01:56:27.510
Boardroom: I did want to ask if you could comment on what other

692
01:56:27.780 --> 01:56:49.030
Boardroom: technologies could be employed, such as the use of AI not to displace anyone from doing this important work, but rather to help them make sure that these overdue inspections that the backlog is cleared.

693
01:56:49.740 --> 01:57:04.520
Scott Gilman: Well, our AI's name is Kelly. And she's developed a spreadsheet for us, we've, we've actually gone back backwards and and had to go back to plain old fashioned excel spreadsheets just to track everything

694
01:57:04.520 --> 01:57:22.409
Scott Gilman: while we, while we get the database up and fixed. So we haven't explored AI solutions for that at this point. But I know the city is actually considering an AI policy and looking at at that, and would definitely be open to considering that you know, as we, as we move forward.

695
01:57:23.260 --> 01:57:35.689
Boardroom: Thank you. And my other question is, and you you started with this director, Gilman. If I understood correctly, you talked about

696
01:57:35.700 --> 01:57:43.999
Boardroom: how it's often the case that

698
01:57:56.730 --> 01:57:59.759
Boardroom: a scarcity of resources.

699
01:58:01.480 --> 01:58:11.249
Boardroom: To what an extent are there opportunities! Can you touch a little bit further on opportunities to

700
01:58:11.700 --> 01:58:27.060
Boardroom: be able to address multiple things that may be in need of inspections. You mentioned noise, for instance, at the same time that

701
01:58:27.060 --> 01:58:45.280
Boardroom: perhaps food inspections may also be needed. To what an extent can there be alignment on inspections, and are there opportunities for multicraft specialists

702
01:58:45.360 --> 01:59:01.399
Boardroom: to work together so that it's also more predictable for the businesses themselves. Inspectors are coming to them once a year, or whatever is appropriate, not multiple times a year for multiple things.

703
01:59:01.400 --> 01:59:15.100
Scott Gilman: Yeah, I don't think we're far away from that sort of schedule. So the businesses know what to expect. We are. As you said, we are are staffing up. We are the last position that we're trying to fill in the department is the Supervisor.

704
01:59:15.280 --> 01:59:19.190
Scott Gilman: We're working on it on actually an offer on on that right now.

705
01:59:19.675 --> 01:59:28.050
Scott Gilman: And we've also done some restructuring in the department, so that in order to do a restaurant inspection, the staff are required to have a

706
01:59:28.170 --> 01:59:32.350
Scott Gilman: registered environmental health specialist or rehs.

01:59:32.480 --> 01:59:39.490
Scott Gilman: And we're working on currently working with with our State association on some legislation

708
01:59:39.590 --> 01:59:47.559
Scott Gilman: to sort of make the trainee program and the testing process a little bit more user friendly. This is a statewide problem.

709
01:59:47.670 --> 01:59:53.880
Scott Gilman: And so Chiac is our California Association of Healthcare executives.

710
01:59:53.990 --> 02:00:02.759
Scott Gilman: We have legislation right now that that will work on trying to streamline, that make it a little bit easier and extend the time so that we can have a larger candidate Pool.

711
02:00:02.860 --> 02:00:29.639
Scott Gilman: But to your, to your question specifically, we are looking at a training program so that we could have inspectors that were training that would want to stay with the city. But they could also do things that wouldn't require them to have the inspection. So for example, we have vector programs. We have other things that don't require that that high level license. So we're trying to shift work away from the restaurant inspectors

712
02:00:29.640 --> 02:00:58.799
Scott Gilman: to look to other different positions and also trying to build sort of a pathway, a career path for folks to come to Berkeley and then stay with us. So so yeah, reorganization predictability in 2025. And then having I call this across top, having people work at the top of their license. So using the license to do the work that we need them to do, and if we can have a technician or somebody else or a trainee do the other other sorts of work. Then we're going to work in that direction.

713
02:00:59.360 --> 02:01:11.459
Boardroom: Thank you so much, Director Gilman. I again just want to reiterate my appreciation to you and your team for

714
02:01:11.540 --> 02:01:32.059
Boardroom: turning around something that you know, I actually had my doubts when this item 1st came to us back in the summer, but I also knew that if anyone could do it, it would be you and your team. So thank you so much, and keep up the great work and look forward to the next update

716
02:01:35.920 --> 02:01:54.700
Boardroom: Thank you, Madam Mayor and Director Gilman. My colleagues will be brief, but there will be some grief, I guess, involved. I would only add to my colleagues. I agree with everything you just said the letter, the letters make sense, but I will add this sense of urgency

717
02:01:54.700 --> 02:02:19.470
Boardroom: if you'll permit me. You know the aircrafts that fell down the last couple of years. There were so many air accidents. They were a direct result of the trump administration curtailing enforcement and inspection of the aviation industry, they pushed for efficiencies and self-enforcement, and often no enforcement. And so now we know that the

718
02:02:19.470 --> 02:02:34.110
Boardroom: the Doge agency is coming on to do this at scale. So we can anticipate in the food, agriculture, industry, having many more issues that we need to be on top of to protect our residents. Thank you.

719
02:02:34.510 --> 02:02:35.680

722
02:02:44.450 --> 02:02:47.330
Boardroom: Do I have a motion.

723
02:02:48.100 --> 02:02:52.330
Boardroom: Do we have public comment? Well, we opened public comment already. Actually. So

02:03:02.680 --> 02:03:27.339
Boardroom: sorry. City clerk. Could you clarify for us what happened since it was an information item, and there isn't particularly action to be taken right. There's no there's no action listed with the item for the Council to take. If the Council has completed its consideration tonight, then that concludes, item 22, and we can move to the next thing on the agenda.

726
02:03:27.910 --> 02:03:30.320
Boardroom: It's public comment.

727
02:03:30.840 --> 02:03:37.289
Boardroom: Yeah, okay, there is an additional public comment period. So I'd like to open public comment again

728
02:03:37.530 --> 02:03:40.970
Boardroom: for non-agenda matters for non-agenda matters. Thank you.

729
02:03:45.400 --> 02:03:49.499
Boardroom: Go ahead if you're ready. Oh, now, yeah. Oh, okay.

730
02:03:51.830 --> 02:04:14.959
Boardroom: Well, I guess that's sort of not an agenda. If it's information, right? So I just want to say, logins only work online. If people actually know that there's something online. So we need to have better education to the community to know that this health score information exists, and it certainly would help if even all the council members and the mayor place in their newsletter

731
02:04:14.960 --> 02:04:28.810
Boardroom: about these health scores being available online. Secondly, in terms of prioritizing. It's a question how something is prioritized. Is it prioritized, based on complaint, triggering, because some

732
02:04:28.810 --> 02:04:48.519
Boardroom: restaurants are going to get complaints or some people complain, and other people don't complain. There's always an issue when there's prioritizing. And 3, rd I want to state on coordination between different departments. Councilmember Trega did touch on this slightly. So I have questions. If you have

733
02:04:48.590 --> 02:05:16.179
Boardroom: that, if you're going to be doing restaurant inspections, there should also be this cross referencing to Berkeley fire department

calls. We know if there's been a calls to a restaurant, for example, that there's smoke coming through the walls or something. Second, I was thinking the fire department. I was thinking of vector control. If vector control has been to a particular site. And so I would want to see that coordination between departments.

734
02:05:16.310 --> 02:05:17.270
Boardroom: Thank you.

735
02:05:21.470 --> 02:05:22.350
Boardroom: Wow!

736
02:05:23.540 --> 02:05:29.259
Boardroom: Hi, everybody. Russell Bates here. I just wanted to mention something I got

737
02:05:29.840 --> 02:05:42.679
Boardroom: before I came in here tonight. It was from Bad Bay Area to divest a Bds victory. 32 million dollars. Alameda County divest from Caterpillar, free Palestine.

738
02:05:42.960 --> 02:05:46.670
Boardroom: One of the things that this Council needs to do.

739
02:05:46.930 --> 02:05:51.840
Boardroom: Speaking of the courage that somebody mentioned earlier, and that is.

740
02:05:51.910 --> 02:05:58.429
Boardroom: there needs to be some kind of resolution talked about, voted about, about

741
02:05:59.050 --> 02:06:05.530
Boardroom: divesting from the Zionist entity calling for a ceasefire in Gaza.

742
02:06:05.830 --> 02:06:12.199
Boardroom: The Zionist entity has been attacking Syria 300 times since Assad got out.

Boardroom: The Us. Is attacking in Syria. It seems like everybody is taking out on Syria right now.

744
02:06:19.130 --> 02:06:30.839
Boardroom: But the most important thing is that there is something called the Greater Israel. The Zionist entity has been trying to get to for years, taking over territory there.

745
02:06:30.990 --> 02:06:32.390
Boardroom: Expanding.

746
02:06:32.620 --> 02:06:33.500
Boardroom: Yep.

747
02:06:34.410 --> 02:06:47.580
Boardroom: Now, from the river to the sea is an expression that's used amongst Palestine supporters to recognize

748
02:06:47.980 --> 02:06:52.470
Boardroom: the Jordan River to the sea is

749
02:06:53.490 --> 02:06:56.250
Boardroom: part of Palestine. It is Palestine.

750
02:06:56.610 --> 02:07:03.470
Boardroom: and it needs to be recognized as such, and there needs to be a ceasefire resolution brought forth

751
02:07:03.500 --> 02:07:06.629
Boardroom: passed at some point by this city council.

752
02:07:06.670 --> 02:07:08.680
Boardroom: Everybody else is doing it.

753
02:07:09.210 --> 02:07:21.390
Boardroom: I mean, I'd always like to go along with the crowd well, going along with Palestine is not going along with the crowd, but it needs to be done. Please find it within your hearts, within your minds.

754
02:07:21.550 --> 02:07:24.519
Boardroom: and free Palestine. Thank you very much.

756
02:07:35.680 --> 02:07:42.150
Boardroom: zoom for non-agenda. The 1st one is showyse or sorry Chelsea.

757
02:07:42.390 --> 02:07:49.449
Chelcie: Oh, that's all right, and thank you for being patient. I know that I was speaking on non agenda items earlier. I have some people from a nonprofit.

758
02:07:49.490 --> 02:07:59.009
Chelcie: It's their 1st time going to city council meetings, and I just want them to realize you can say things. And it's all right. As far as the food situation.

759
02:07:59.200 --> 02:08:20.329
Chelcie: Please don't let bureaucracy tie that up or throw it online. Just have a Qrs code. Next to the placard, get some college students, and they're getting benefits. And then we're also working with them as part of community. Make it easy. And then, now that I can talk about the non agenda items. I would like to see a show of hands. How many of you know what the Hawkins cost to act is.

760
02:08:27.100 --> 02:08:30.859
Boardroom: It's the Costa Hawkins Act.

761
02:08:30.860 --> 02:08:34.910
Chelcie: You know what I'm saying. Thank you so much. But yes, the Costa Hawkins.

762
02:08:36.280 --> 02:08:55.929
Chelcie: all right. So this is something to really look into, because there's a lot of these loopholes that the landlords had made and the big thing again. This is about the rent control staying with the physical unit. And this is why we have a housing problem, because anytime someone moves out.

763
02:08:56.010 --> 02:09:14.140
Chelcie: The landlords are creeping that up by 500, by a thousand dollars, and there's no real necessary. There's not really a limit on it,

and that would help people in our community be able to move if they want to move and not feel tied into some crazy old

764
02:09:14.170 --> 02:09:40.190
Chelcie: decrepit building or a unit that hasn't been repaired, and they're too afraid to move because of rent control. We need rent control that is transparent, that moves with, that doesn't move. It stays with the unit. Also, if your landlords are pretending like they're trying to sell them as condos, and you are renting. You lose rent control. If you are in a single family house, you don't have rent control. With this act. This was a huge.

765
02:09:40.190 --> 02:09:45.149
Chelcie: huge loophole that legislators who were landlords created.

766
02:09:45.390 --> 02:10:05.689
Chelcie: And there is one more that you can do. Oh, and then, if you live in a building, and your landlord decides to move in you. 100% lose all your rent control. So please take some time to inform yourself more about this, and put this on the agenda as soon as humanly possible. This is a very big deal for people in our community, and honestly across California. Thank you for the time.

767
02:10:08.070 --> 02:10:16.670
Boardroom: Okay, next is a phone number ending in 9, 3, 7.

768
02:10:20.340 --> 02:10:21.399
Boardroom: Hi, can you hear me?

769
02:10:22.090 --> 02:10:22.800
Boardroom: Yes.

770
02:10:24.540 --> 02:10:39.540
1209****937: Okay, I'm gonna start crying now, because you know what I that's what I've been doing all day. So I figured that you guys you there, you know, should hear it, because everybody else that's there in your audience there they've all had to listen to me all day crying.

What are you people going to do about him? He's out of control, I mean, I'm in fear. I am in so much fear, and I have scad spontaneous coronary artery dissection. 776
02:11:33.090 --> 02:11:41.870
1209****937: Somebody needs to do something about him, and I'm not kidding you. They need to do something about him before he I mean, people are killing themselves because of that man.

777
02:11:42.630 --> 02:11:50.939
1209****937: He is a monster that hides behind a mask, and I'm telling you right now. The mask that you guys see him wearing is not the mask that we all see him wearing.

778
02:11:51.290 --> 02:12:09.959

779
02:12:09.990 --> 02:12:12.569
1209****937: just like he should, so he can be held accountable.

780
02:12:14.880 --> 02:12:21.310
1209****937: What he does to people is wrong, and it's cruel, and it's evil, pure, evil.
